Hello from the U of M!

We rented the entire outdoor skating rink in Missoula last weekend for our first outreach event of Spring Semester. Our students brought over 100 of their friends----including 60+ international students. Watching the Saudi students skate for the first time was worth the whole evening!

Please be praying for our students as they follow up on 20 of these new students who want to know more about Jesus or want to join one of our Small Group Bible Studies in the dorms.

We are planning several more "Parties with Purpose" this semester. Our social events are an easy entry point for the IV students' not-yet-believing friends.

Praise God for the awesome momentum in our fellowship as we start the semester!

In Christ---

Brian
